TRANSPOWER

Our Belief

We are committed to making Transpower a leader in safety by achieving injury-free workplaces for our employees and contractors.

We affirm that:

- Safety is a fundamental organisational value
- All incidents are preventable
- We are mindful of the potential for incidents to occur and will act on the warning signs
- We each have a personal responsibility for our own safety and the safety of others both on and off the job
- No business objective is so important that it will be undertaken at the sacrifice of safety
- A job is well done only if it is completed safely
